

6090 LPT Lenticular printing

Overview

Overview

Parameters

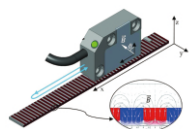

Device model	6090 LPT
Print head	GH2220/i3200/i1600/DX7
Color model	C M Y K W V Lc Lm
Printing height	0~180mm
Printing Size	600 x 900mm
Printing resolution	1200*1200dpi/2400*2400dpi/1440*2880dpi
Suction	Vacuum Tablet
Static electricity	DC24V, Carriage mode
Ink supply system	Dual-channel negative pressure, automatic ink supply, ink low level alarm system
Curing	UVLED(395nm)
R.I.P software	Color Gate, PhotoPrint, RINN
Working environment	Humidity 45%-55% RH, temperature 25°C-30°C, avoid ultraviolet rays and sunlight
Computer system	Windows 7, Windows 10, Windows11
Power supply	Single phase AC220V/50~60HZ/10A
Dimensions(LxWxH)	1670mm x 1520mm x 700mm
Net weight	200KG
Certifications	CE

Advantages

Lenticular printing mode

Features

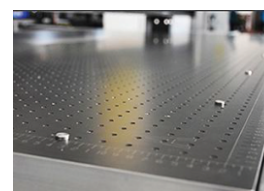

• Full feedback motion

• Multi ink jet system support also

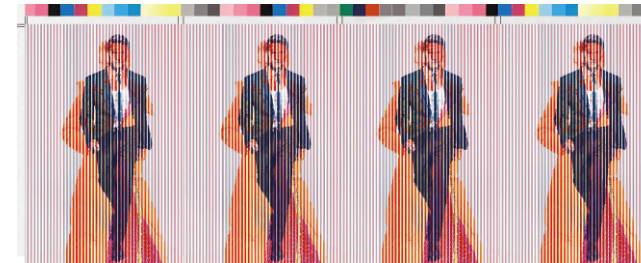

Dual channel Negative pressure control system(0.01kpa)system

• Platform with strong suction
• low noise

Advantages

Special RIP and Lenticular printing software, t excellent color management, make the image output color more vivid and accurate
